NOTES AND RECORDS

Notes Rec. is an international journal which publishes original research in the history of science, technology, and medicine up to and including the 21st century. In addition to publishing peer-reviewed research articles, Notes Rec. welcomes recollections or autobiographical accounts written by Fellows and others recording important moments in science from the recent past. It also includes book reviews, news of research projects and online and other resources of interest to historians.

Notes and Records: The Royal Society journal of the history of science
ISSN: 0035–9149
© The Royal Society, 2015

Except as otherwise permitted under the Copyright, Designs and Patents Act, 1988, this publication may only be reproduced, stored or transmitted, in any form or by any other means, with the prior permission in writing of the publisher, or in the case of reprographic reproduction, in accordance with the terms of a licence issued by the Copyright Licensing Agency. In particular, the Society permits the making of a single photocopy of an article from this issue (under Sections 29 and 38 of this Act) for an individual for the purposes of research or private study. Open access articles, which are published under a CC-BY license, may be re-used without permission, but subject to acknowledgement.

Cover image
This cover image dates from c1956 and pictures staff at the British Drug Houses chemical manufacturing facility in Godalming, Surrey. Photographed are the male chemists with, centre, their female laboratory technician. For a discussion of the role of female technicians in medical laboratories please see the article by Hartley and Tansey, ‘White coat but no trousers’, in this special issue. British Drug Houses in the 1950s (Source: Adams Archive).
